## EAT SMART EAT RAW EBOOKS 2019

Author: Kate Magic

Release Date: ;Lanzamiento previsto: @@expectedReleaseDate@@

The ultimate clean eating cookbook—in a revised and updated edition—from the renowned, bestselling raw and superfood expert. In the years since this book first appeared, raw foods have never been more popular as people discover their tremendous healing and health-giving benefits. However raw foodism is more than just the latest dietary fad; historically many cultures and religions have placed value on the eating of “living” foods, and proponents have been helping others overcome life-threatening diseases since the early twentieth century. Many who are new to the diet may imagine that eating only uncooked foods would be restrictive and boring, but this is far from the case. There is a wealth of fruit, vegetables, nuts, seeds, and sprouts to discover and use, and with the use of equipment such as a juicer and dehydrator, a whole host of ways to prepare them. This book includes almost 150 recipes, some of which allow the occasional non-raw ingredient to reflect the author’s non-proscriptive attitude to a raw food lifestyle, in order to encourage those who may not want to go the whole way but are interested in incorporating something new into their existing diet. This book is ideal not only for those who want to adhere to a raw food diet but also for those who may simply wish to embark on a week or two of detoxifying.
